The MONEY Charity

Welcome to the January 2014 edition of The Money Charity's (formerly Credit Action) monthly Debt Statistics. The Debt Statistics provide a detailed overview of the level of debt in the UK as well as a range of other figures related to money, finance and the economy. We hope you find them useful.

Our headline personal debt figures are on **pages 3 and 4**. The Striking Numbers box in the right also summarises some of the most significant statistics from this month's release. The Striking Numbers are colour-coded, to help you navigate to the appropriate section using the key below.

Throughout this document, statistics that are written in **colour** have been calculated by The Money Charity. All the other statistics come from external sources and are written in **black**.

1. UK PERSONAL DEBT

TOTAL UK PERSONAL DEBT

Outstanding personal debt stood at **£1.432 trillion** at the end of November 2013.

- This is up from £1.420 trillion at the end of November 2012.

Outstanding secured (mortgage) lending stood at **£1.273 trillion** at the end of November 2013.

- This is up from £1.265 trillion at the end of November 2012.

Outstanding unsecured (consumer credit) lending stood at **£158.9 billion** at the end of November 2013.

- This is up from £156.0 billion at the end of November 2012.

AVERAGE UK PERSONAL DEBT

Average household debt in the UK (excluding mortgages) was **£6,016** in November.

- This is up from a revised **£6,005** in October.

Average household debt in the UK (including mortgages) was **£54,197** in November.

- This is up from a revised **£54,128** in October.

The average amount owed per UK adult (including mortgages) was **£28,528** in November. This is up from a revised **£28,491** in October and was around **115%** of average earnings.

Average consumer borrowing (including credit cards, motor and retail finance deals, overdrafts and unsecured loans) per UK adult was **£3,167** in November. This is up from a revised **£3,161** in October.

The estimated average outstanding mortgage for the 11.2m households that carry mortgage debt stood at **£113,549** in November.

Based on November 2013 trends, the UK's total interest repayments on personal debt over a 12 month period would have been **£59.4 billion**.

- This is equivalent to **£163 million** per day.
- This means that UK households would have paid an average of **£2,251** in annual interest repayments.

1. UK PERSONAL DEBT

The Office for Budget Responsibility (OBR) predicted in December 2013 that total household debt will reach **£2.187 trillion** in Q1 2019. This would mean that average household debt would reach **£82,797** (assuming that the number of households in the UK remained the same between now and Q1 2019).

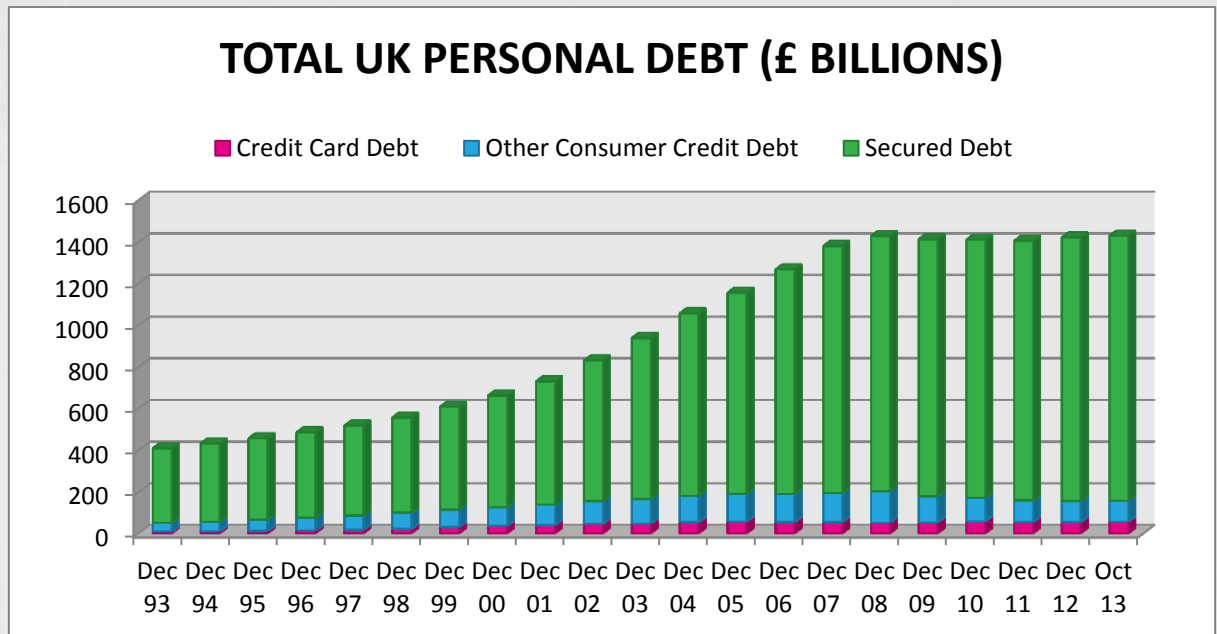

NET LENDING AND WRITE-OFFS

Total net lending to individuals by UK Banks and Building Societies **rose by £1.5 billion** in November 2013.

- Net secured lending rose by £0.9 billion in the month; net consumer credit lending rose by £0.6 billion.

3. NATIONAL STATISTICS

ECONOMY

The UK economy **grew by 0.8%** in the third quarter of 2013, according to latest estimates from the Office of National Statistics.

The Bank of England Base Rate is currently set at **0.5%** (since being established in 1694, the Rate has never been lower). It was reduced to this level on 5th March 2009, and has been held there for 57 months.

There were **5.5 million** working age benefit claimants at May 2013. This is a decrease of 212,000 in the year.

UNEMPLOYMENT

The number of unemployed people in the three months between August to October 2013 was **2.39 million** (7.4%). This is down by 99,000 from the previous three months, and down by 121,000 from a year earlier.

- **120,000** people (**1,315 a day**) reported they had become redundant over the three months. This is down by 1,000 from the previous three months, and down by 27,000 from a year earlier.
- **866,000** people had been unemployed for over 12 months between August to October, down by 33,000 from the previous three months, and down by 38,000 (**104 a day**) from a year earlier.
- The number of economically inactive people aged between 16 and 64 fell by 45,000 over the three months, and fell by 156,000 over the year, to reach **8.92 million** in the three months to October 2013.

Public sector employment rose by **4,000** in the third quarter of 2013 to reach **5.669 million** overall.

The Office for Budget Responsibility's December 2013 forecast for General Government Employment estimates a total reduction of around **1.1 million** staff between the start of 2011 and the start of 2019. However, they estimate that this will be more than offset by a rise of **3.1 million** in total market sector employment over the period, which will reach **31.2 million** in 2018.

3. NATIONAL STATISTICS

PUBLIC SECTOR NET DEBT

In November 2013, public sector net debt (PSND) *excluding* financial interventions was **£1231.7bn**, equivalent to 76.6% of GDP. This compares to £1157.2bn (73.3% of GDP) at the end of November 2012.

Meanwhile, public sector net debt *including* financial interventions was **£2208.4bn**, equivalent to 137.4% of GDP. This compares to £2167.3bn (137.2% of GDP) as at the end of November 2012.

- The Office of National Statistics includes complete data from the Royal Bank of Scotland and Lloyds Banking Group, which were part-nationalised in 2008, in its calculations for PSND including financial interventions.

According to the 2013 Autumn Statement, public sector net debt is forecast to peak at **80.0% of GDP** in 2015-16, before falling to **75.9% of GDP** in 2018-19.

CORPORATE INSOLVENCIES

Figures from the Insolvency Service show that there were **3,875** compulsory liquidations and creditors' voluntary liquidations in England and Wales in the third quarter of 2013 (on a seasonally adjusted basis).

- This was an decrease of 2.6% on the previous quarter, and down 2.0% on the same period a year ago.

In the twelve months ending Q3 2013, approximately **1 in 159** active companies (0.6% of all active registered companies) went into liquidation.

- This is down from a revised 1 in 155 in the previous quarter.

Additionally, there were **949** other corporate insolvencies in Q3 2013 (not seasonally adjusted), comprising 253 receiverships, 544 administrations and 152 company voluntary arrangements.

- In total these have decreased 3.8% on the same period a year ago.

3. NATIONAL STATISTICS

INFLATION AND RETAIL ACTIVITY

CPI (Consumer Prices Index) annual inflation stood at **2.1%** in November, down from 2.2% in October.

RPI (Retail Prices Index) annual inflation stood at **2.6%** in November. This is unchanged from October.

- Note that following a re-assessment earlier this year, the Office of National Statistics no longer designates RPI as an official “National Statistic”.

RPIJ is an improved variant of the Retail Prices Index which is calculated using formulae that meet international standards, in November 2013 it was confirmed as a National Statistic.

- RPIJ stood at **2.0%** in November, up from 1.9% in October.

There were **159,581** new car registrations in November, according to the Society for Motor Manufacturers and Traders.

- This is the best November performance since 2004.

4. SERVICING DEBT

Citizens Advice Bureaux across England and Wales dealt with **0.579 million** new enquiries in the three months between July and September 2013.

- Debt was the second largest advice category (behind Benefits) with 394,562 issues. This is a 16% decrease on the same period last year. Debt issues represented 28% of all problems dealt with between July and September 2013.
- Based on *annual* figures to the end of September 2013, Citizens Advice Bureaux in England and Wales are dealing with **7,015** debt problems every *working day*.
- CAB site the loss of legal aid and falling trends in many individual debt types for the reduction in debt advice cases.

According to the Council of Mortgage Lenders (CML), **7,200** properties were taken into possession in Q3 2013 (this is down from 8,200 in Q3 2012 and represents 0.06% of all outstanding mortgages).

- This equates to **79** properties being repossessed every day, or one property being repossessed **every 18 minutes 15 seconds**.
- In terms of payment difficulties, **149,000** mortgages ended Q3 2013 with arrears equivalent to at least 2.5% of the outstanding mortgage balance.
- The arrears figure represents 1.33% of all mortgages and is down from 154,900 (1.38%) in Q2 2013 and from 159,100 (1.4%) in Q3 2012..

The Financial Conduct Authority estimates that at the end of Q3 2013 there were **278,355** mortgage loan accounts in reportable arrears (i.e. arrears of over 1.5% of current loan balance), a drop of 4.7% from the previous quarter, and the lowest figure since Q3 2007.

- At the end of Q3 2013, loans in arrears represented **2.19%** of the value of the residential loan book.
- The performance of loans in arrears (payments received as a percentage of payments due) improved for the fifth quarter in succession to **61.3%** in Q3 2013.

The Insolvency Service said there were **26,030** individual insolvencies in England and Wales in Q3 2013. This is equivalent to **285** people a day or, one person **every 5 minutes 3 seconds**.

- This was a rise of **1.2%** on the previous quarter and a fall of **7.3%** on the same period a year ago.
- This was made up of 6,004 bankruptcies (down 21.4% compared to Q3 2012), 6,632 Debt Relief Orders (down 14.7% compared to Q3 2012) and 13,394 Individual Voluntary Arrangements (up 5.7% compared to Q3 2012).
- The number of Debt Relief Orders was higher than total bankruptcies for the fifth consecutive quarter, while Bankruptcy Orders have been lower than Individual Voluntary Arrangements for the last ten quarters.

5. PLASTIC CARDS & PERSONAL LOANS

During October 2013 an average of **346** purchases were made in the UK every second using debit and credit cards, based on figures from the UK Cards Association.

- An average of **£17,123** was spent every second using debit and credit cards.
- On a daily basis, purchases using plastic cards were worth **£1.479 billion** during October.

8. HOUSING MARKET

The average Mortgage Interest rate was 3.29% at the end of November.

According to the Council of Mortgage Lenders, gross mortgage lending in November totalled an estimated £17.0 billion.

- This is a fall of 4% compared to October's gross lending total (£17.6 billion) and a rise of 30% from November 2012 (£13.0 billion).

The November RICS Residential Market Survey underscores the recent firm trend in the sales market. Stock is falling to historically quite low levels and sales are rising.

- House price expectations amongst surveyors continue to improve, with an average rise of 3.0% predicted during the next 12 months. Over the next 5 years prices are now expected to rise by almost 5% a year, at the start of 2013 these figures were 0.6% and 3.4% respectively.

Hometrack's monthly survey of agents and surveyors showed that demand for housing fell 0.3% in December and the supply of homes for sale fell by 4.9%. Over the last 12 months demand rose by 25%, whereas supply increased by only 6% as rising sales volumes eroded stock levels.

- There has been a 0.2 decrease in the number of sales agreed.
- Hometrack say that 75% of postcodes ended the year with higher prices than at the start.

Rightmove said new seller asking prices fell by 1.9% in December, this is the smallest December fall since 2006. The average asking price of £241,455 is a rise of 5.4% compared to December 2012.

There were 45,044 loans for house purchase approvals in November, according to the British Bankers Association (BBA), 39% higher than a year earlier. The average loan approved for house purchase rose to £158,500.

8. HOUSING MARKET

Statistics from the National Association of Realtors show that existing home sales across the United States (including single-family, townhomes, condominiums and co-ops) decreased 4.3% during the month of November.

- The average price increased 9.4% year on year to \$196,300.
- Meanwhile, RealtyTrac® said that a total of 113,454 foreclosure filings — default notices, auction sale notices and bank repossessions — were reported on U.S. properties in November 2013. This is a 15% decrease from the previous month and a 37% decrease from November 2012.

FIRST-TIME BUYERS AND BUY TO LET

The Office of National Statistics say that the average house price for first time buyers was **£185,000** in October 2013, which is an annual increase of 5.9%.

The typical first-time buyer deposit in October 2013 was **20% (around £34,515)**. The average first-time buyer borrowed 3.36 times their income and the average first-time buyer loan was an estimated **£138,060**.

The Council of Mortgage Lenders say that 16,200 buy-to-let mortgages were advanced in October 2013, up 11% on September. The loans were worth a total of £2.1bn which was up 10.5% on the previous month. Just over half the loans were for house purchase as opposed to remortgage.

According to the November 2013 RICS Residential Market Survey the rental market has slowed due to the upshift in the sales market. Nationally tenant demand and new landlord instructions have almost ground to a halt, while in London both are now falling. The slowdown has yet to feed into rental expectations, with surveyors still predicting a 2% rise over the next 12 months.

9. SPENDING

The AA calculate that in December 2013 the average price of unleaded petrol rose by 0.75ppl (pence per litre) to 131.2ppl.

- This meant it cost **£65.60** to fill a 50 litre unleaded tank.
- The average price of diesel rose by 0.8ppl to 138.6ppl.
- The gap between supermarket prices and the UK average for unleaded has increased slightly to 1.5ppl.

According to the AA, it costs 59.25 pence per mile to run a car. This is based on buying a new petrol car in the £13,000 - £18,000 price bracket, replacing it after 4 years and averaging 10,000 miles per year.

- Do 30,000 miles per year in a car that cost less than £13,000 and the cost falls to 31.47ppm
- Do 5,000 miles per year and spend £25,000 - £32,000 on the vehicle and the cost soars to 155.14ppm.

An annual report by LV has calculated that the cost of raising a child to their 21st birthday now stands at a record **£222,458**. This is up 2.0% compared to last year, and has increased 58.4% since the study first began in 2003.

- Education and childcare represent the biggest areas of expenditure, costing parents £72,832 and £63,738 respectively over the course of their children's childhoods.
- The cost of education (including uniforms, after-school clubs and university costs) increased 123.5% since 2003, while the cost of childcare has risen by 60.9%.
- LV predict that the cost of raising a child to 21 will reach £350,000 by 2023.
