# The MONEY Charity

Welcome to the October 2013 edition of The Money Charity's (formerly Credit Action) monthly Debt Statistics. The Debt Statistics provide a detailed overview of the level of debt in the UK as well as a range of other figures related to money, finance and the economy. We hope you find them useful.

Our headline personal debt figures are on **pages 3 and 4**. The Striking Numbers box in the right also summarises some of the most significant statistics from this month's release. The Striking Numbers are colour-coded, to help you navigate to the appropriate section using the key below.

Throughout this document, statistics that are written in **colour** have been calculated by The Money Charity. All the other statistics come from external sources and are written in **black**.

## 3. NATIONAL STATISTICS

### ECONOMY

The UK economy **grew by 0.7%** in the second quarter of 2013, according to latest estimates from the Office of National Statistics.

The Bank of England Base Rate is currently set at **0.5%** (since being established in 1694, the Rate has never been lower). It was reduced to this level on 5<sup>th</sup> March 2009, and has been held there for 54 months.

There were **5.7 million** working age benefit claimants at February 2013. This is a decrease of 186,000 in the year.

### UNEMPLOYMENT

The number of unemployed people in the three months between May and July 2013 was **2.49 million** (7.7%). This is down by 24,000 from the previous three months, and down by 105,000 from a year earlier.

- **121,000** people (**1,326 a day**) reported they had become redundant over the three months. This is down by 20,000 from the previous three months, and down by 21,000 from a year earlier.
- **899,000** people had been unemployed for over 12 months between May and July, virtually unchanged from the previous three months, and down 5,000 (**14 a day**) from a year earlier.
- The number of economically inactive people aged between 16 and 64 fell by 33,000 over the three months, and fell by 52,000 over the year, to reach **8.96 million** in the three months to July 2013.

Public sector employment fell by **34,000** in the second quarter of 2013 to reach **5.665 million** overall.

The Office for Budget Responsibility's March 2013 forecast for General Government Employment estimates a total reduction of around **1.2 million** staff between the start of 2011 and the start of 2018. However, they estimate that this will be more than offset by a rise of **2.6 million** in market sector employment over the period, which will reach 25.8 million by the start of 2018.

## 3. NATIONAL STATISTICS

### PUBLIC SECTOR NET DEBT

In August 2013, public sector net debt (PSND) *excluding* financial interventions was **£1193.3bn**, equivalent to 74.6% of GDP. This compares to £1119.5bn (71.5% of GDP) at the end of August 2012.

Meanwhile, public sector net debt *including* financial interventions was **£2168.2bn**, equivalent to 135.6% of GDP. This compares to £2133.7bn (136.2% of GDP) as at the end of August 2012.

- The Office of National Statistics includes complete data from the Royal Bank of Scotland and Lloyds Banking Group, which were part-nationalised in 2008, in its calculations for PSND including financial interventions.

According to the March 2013 Budget, public sector net debt is forecast to peak at **85.6% of GDP** in 2016-17, before falling to 84.8% of GDP in 2017-18.

### CORPORATE INSOLVENCIES

Figures from the Insolvency Service show that there were **3,978** compulsory liquidations and creditors' voluntary liquidations in England and Wales in the second quarter of 2013 (on a seasonally adjusted basis).

- This was an increase of 10.5% on the previous quarter, and but down 2.1% on the same period a year ago.

In the twelve months ending Q2 2013, approximately **1 in 166** active companies (0.6% of all active registered companies) went into liquidation.

- This is down from 1 in 164 in the previous quarter.

Additionally, there were **974** other corporate insolvencies in Q2 2013 (not seasonally adjusted), comprising 192 receiverships, 622 administrations and 160 company voluntary arrangements.

- In total these have decreased 25.6% on the same period a year ago.

## 3. NATIONAL STATISTICS

Data from Halifax House Price Index (Standardised, Non-Seasonally Adjusted)

## 8. HOUSING MARKET

The average Mortgage Interest rate was 3.32% at the end of August.

According to the Council of Mortgage Lenders, gross mortgage lending in August totalled an estimated £16.6 billion.

- This is a slight fall compared to July's gross lending total (£16.7 billion) and a rise of 28% from August 2012 (£13 billion).

The August RICS Residential Market Survey underscores a further improvement in market conditions. The results indicate that increases in prices, buyer enquiries, new vendor instructions and sales are becoming increasingly widespread across the country.

- House price expectations amongst surveyors continue to improve, with an average rise of 2.2% predicted during the next 12 months. Over the next 5 years prices are now expected to rise by 4.4% a year, at the start of 2013 these figures were 0.6% and 3.4% respectively.

Hometrack's monthly survey of agents and surveyors showed that demand for housing rose 1.4% in September, whereas the supply of homes for sale fell by 0.3% which continued to put upward pressure on house prices.

- House prices grew by 0.5% in September, the highest monthly rise since May 2007.
- Hometrack say that the average time on the market has fallen to 7.9 weeks – the lowest for 6 years.

Rightmove said new seller asking prices fell by 1.5% in September, standing at an average of £245,495. Prices rose 4.5% compared to September 2012, with the greatest annual rise being 8.2% in the Greater London area.

There were 38,228 loans for house purchase approvals in August, according to the British Bankers Association (BBA), this is the highest level since 2009. The average loan approved for house purchase fell to £156,800.

## 8. HOUSING MARKET

Statistics from the National Association of Realtors show that existing home sales across the United States (including single-family, townhomes, condominiums and co-ops) increased 1.7% during the month of August.

- The average price increased 14.7% year on year to \$212,100. This is the strongest year-over-year increase since October 2005.
- Meanwhile, RealtyTrac® said that a total of 128,560 foreclosure filings — default notices, auction sale notices and bank repossessions — were reported on U.S. properties in August 2013. This is a 2% decrease from the previous month and a 34% decrease from August 2012.

### FIRST-TIME BUYERS AND BUY TO LET

The Office of National Statistics say that the average house price for first time buyers was **£183,000** in July 2013, which is an annual increase of 4.0%.

The typical first-time buyer deposit in July 2013 was **18% (around £30,367)**. The average first-time buyer borrowed 3.31 times their income and the average first-time buyer loan was an estimated **£138,340**.

The Council of Mortgage Lenders say that 40,000 buy-to-let mortgages were advanced in Q2 2013, worth a total of £5.1bn (this compares with £4.2bn in the previous quarter). BY the end of Q2 2013, there were 1.48m buy-to-let mortgages in the UK, accounting for around 13.3% of the total estimated stock.

According to the August 2013 RICS Residential Market Survey the rental market remains broadly unchanged from last month. Both tenant demand and new landlord instructions are continuing to increase with the former outstripping the latter. This has pushed rent expectations higher and respondents now expect rents across the whole country to increase on average by 1.9% over the coming year.

## 9. SPENDING
