

The MONEY Charity

The Money Statistics – December 2014 summary

Every day in the UK

The population of the UK grew by an estimated **1,223** people a day between 2003 and 2013.

It costs an average of **£29.65** per day to raise a child from birth to the age of 21.

On average, a UK household spends **£3.00** a day on water, electricity and gas.

270 people a day are declared insolvent or bankrupt. This is equivalent to one person **every 5 minutes 20 seconds**.

33.7 million plastic card purchase transactions were made every day in September 2014, with a total value of **£1.583 billion**.

9.05m cash machine transactions were made every day in October with a value of **£369m**.

2,083 Consumer County Court Judgements (CCJs) are issued every day, with an average value of **£2,158**.

Citizens Advice Bureaux in England and Wales dealt with **6,389** new debt problems every *working day* during the year ending September 2014.

54 properties are repossessed every day, or one every **26 min 30 seconds**.

The number of mortgages with arrears of over 2.5% of the remaining balance fell by **67** a day.

The number of people unemployed for over 12 months fell by **564** per day.

989 people a day reported they had become redundant between July and September.

Government borrowed **£249m** a day during October 2014 (**£2,877** per second).

Net lending to individuals in the UK increased by **£83.9m** a day.

Borrowers would repay **£152m** a day in interest over a year, based on October 2014 trends.

106 mortgage possession claims and **78** mortgage possession orders are made every day.

444 landlord possession claims and **339** landlord possession orders are made every day.

Personal debt in the UK

People in the UK owed **£1.460 trillion** at the end of October 2014.

- This is up from £1.431 trillion at the end of October 2013 – an extra **£576** per UK adult.

The average total debt per household – including mortgages – was **£55,286** in October. The revised figure for September was **£55,218**.

Per adult in the UK that's an average debt of **£28,916** in October – around **115.3%** of average earnings. This is up from a revised **£28,881** in September.

Based on October 2014 trends, the UK's total interest repayments on personal debt over a 12 month period would have been **£55.5 billion**.

- That's an average of **£152 million** per day.
- This means that households in the UK would have paid an average of **£2,100** in annual interest repayments. Per person that's **£1,1098** – **4.38%** of average earnings.

Outstanding consumer credit lending was **£168.0 billion** at the end of October 2014.

- This is up from £158.5 billion at the end of October 2013, and is an increase of **£188.21** for every adult in the UK.

Per household, that's an average consumer credit debt of **£6,359** in October, up from a revised **£6,253** in September.

It also means the average consumer credit borrowing was **£3,326** per UK adult in October. This is up from a revised **£3,270** in September.

Total credit card debt in October 2014 was **£60.8bn**. Per household this is **£2,303** – for a credit card bearing the average interest, it would take **25 years and 3 months** to repay if you made only the minimum repayment each month.

- The minimum repayment in the first month would be **£55**, but reduces each month. If you paid **£55 every month**, the debt would be cleared in around **5 years and 4 months**.

UK Banks and Building Societies **wrote off £3.45 billion** of loans to individuals over the four quarters to Q2 2014.

Mortgages, rent, and housing

Outstanding mortgage lending stood at **£1.292 trillion** at the end of October.

- This is up from **£1.273 trillion** at the end of October 2013.

That means that the estimated average outstanding mortgage for the 11.1m households with mortgage debt was **£116,167** in October.

The average Mortgage Interest rate was 3.19% at the end of October. Based on this, households with mortgages would pay an average of **£3,706** in mortgage interest over the year.

For new loans, the average Mortgage Interest rate was 3.18%. Using the latest figures from the Council of Mortgage Lenders, this means new mortgages would attract an average of **£4,746** in interest over the year.

According to the Council of Mortgage Lenders (CML), the typical first-time buyer deposit in September was 17% (**around £30,570**) – **122% of an average salary**.

- The average first-time buyer borrowed **3.40** times their income and the average first-time buyer loan was an estimated **£149,254**.

The average monthly rent for a two-bedroom house in England was **£606** – in London this was **£1,173 (94% higher)**.

Savings and pensions

In Q2 2014, households saved an average of **6.7%** of their pre-tax income.

The average interest rate for an instant access savings account – not including bonus interest payments – was 0.42% in October. For a cash ISA, this was 0.82%.

It would take **18 years** for someone on the average salary, saving the average amount per household every year in an average instant access savings account, to afford the average first-time buyer deposit. If they saved into a cash ISA at the same rate it would take **17 years**.

The Pensions Regulator estimates that at least **4.877 million** employees had joined a pension scheme under auto-enrolment by the end of October 2014.

According to the latest Family Resources Survey, **26%** of all adults actively participated in a pension in 2012/13. This figure was **48%** for employees, and **18%** for the self-employed.

Spending and loans

In Q2 2014, households in the UK spent **£79.31m** a day on water, electricity and gas – or **£3.00** per household per day.

The average interest rate on credit card lending bearing interest was **18.06%** in September. This is **17.56%** above the Bank of England Base Rate (0.5%).

British Bankers Association figures show that 58.1% of credit card balances were bearing interest in September 2014.
