

## Amir

Amir is at school. He lives at home and is about to turn 16.

Amir is interested in getting a job so he can have some independence.

He loves films and cinema and sees all the films he can, so he doesn't save much of his allowance!

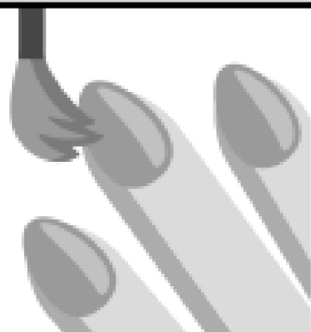

## Jess

Jess is 18, lives at home and is about to leave school.

She has had a part-time job for two years and wants to continue working.

She loves treating herself to beauty treatments like manicures and getting her hair done; she doesn't save a lot of her wages!

## Georgia

Georgia is 22 and lives with 2 friends in a flat. She has worked full-time for the last 4 years.

Georgia loves to travel and goes away as often as she can all over the world. She saves for these trips but the money doesn't last long before she's off on her next adventure!

## Jay

Jay is 19 and lives at home.

He has had a part-time job for 6 months.

Jay loves football and goes to matches once a month. He often manages to get deals and doesn't spend much except for on football!
