Money Mentoring For Practitioners

For over 25 years, The Money Charity has been helping people from all walks of life to take control of their finances, become financially capable and achieve Financial Wellbeing. As a charity, we are independent and impartial, meaning we never endorse or promote any financial products.

This **4-part course** has been designed to help frontline staff or volunteers have an informed conversation about money with the people they support. The course is made up of **4 x 3-hour sessions** (available virtually or face-to-face) and is suitable for up to 20 people.

Money Mentoring Is A Skilled Practice Involving:

- A Good Understanding Of The Boundaries Of This Role and How It Is Different To Giving Financial Advice
- An Ability To Have Good Conversations About Money
- An Ability To Spot The Signs Of Financial Distress
- A Good Understanding Of Where To Signpost People To Credible Organisations Offering Support and Information

All attendees will receive a free digital copy of our Money Manual as a handy guide to making the most of your money, together with a signposting handout detailing the organisations mentioned in the session.
