

KS3 Money Workshops

Our **Free Key Stage 3 Money Workshops** are aimed at secondary school students aged 11 – 14. They are delivered by our externally trained workshop consultants.

Our workshops provide the building blocks to sound money management, and include a range of activities, the chance to debate and discuss, and relevant takeaways for the students.

For Key Stage 3 we offer a three hour long programme, which you can split to best suit the needs of your school. Most school we work with have 3x1 hour sessions spread across the academic year as part of PSHE, Citizenship or Maths lessons. We pride ourselves on providing high quality support to schools by ensuring our workshops fit into school timetables and requirements.

We understand that teachers require engaging, flexible and time efficient ways to deliver financial education to their students so all are sessions can be delivered as standalone hour long workshops too.

Feedback

Our evaluation data is externally managed and collected before and after each of our workshops to allow us to effectively measure the impact of workshops on student's skills, knowledge and confidence related to managing money.

In terms of skills gained after the workshop, our data shows:

- Over 75% of KS3 students were more confident in their skills and ability to create a budget.
- By the end of the workshop 84% of students showed improved knowledge around where money comes from.
- 95% of KS3 student felt they have learnt something new from the workshop.

We receive such positive feedback on our workshops:

The workshop taught me how to prioritise you money and understand what you need the most and what are treats." year 8 student at St David's high school.

"A very worthwhile experience for year 8, (it) makes them much more aware of financial matters in an engaging and age appropriate manner." Teacher at St. Mary's High School Newry.

The MONEY Charity

Our workshops

KS3A Money Workshop

The first hour helps students understand the importance of planning ahead with their finances, in particular it covers:

- The importance of setting goals and planning ahead;
- How managing your finances can help you achieve your aspirations;
- Why we all need to budget & how to do it;
- Distinguishing between wants and needs;

The KS3b Money Workshop

Our second hour builds on the content from the previous workshops and helps students understand savings and consumerism.

- The importance of saving to achieve life goals;
- How to be a savvy consumer;

KS3c Money Workshop

The third hour builds on the content from the previous hours and helps students understand credit and financial products

- The hazards of unmanageable debt.
- An introduction to banking.
- Understanding financial products, such as mortgages and loans

We can also create a tailor made workshop for schools, depending on schools' needs and requirements.

In 2016 we delivered 1,026 workshops to over 23,000 students across England, Wales and Northern Ireland.
