

KS4 Money Workshops

Our **Free Key Stage 4 Money Workshops** are aimed at secondary school students aged 14 – 16. They are delivered by our externally trained workshop consultants.

Our workshops provide the building blocks to sound money management, and include a range of activities, the chance to debate and discuss, and relevant takeaways for the students.

For Key Stage 4 we offer a four hour long programme, which you can split to best suit the needs of your school. Most schools we work with have 4x1 hour sessions spread across the academic year as part of PSHE, Citizenship or Maths lessons. We pride ourselves on providing high quality support to schools by ensuring our workshops fit into school timetables and requirements.

We understand that teachers require engaging, flexible and time efficient ways to deliver financial education to their students so all sessions can be delivered as standalone hour long workshops too.

Feedback

Our evaluation data is externally managed and collected before and after each of our workshops to allow us to effectively measure the impact of workshops on student's skills, knowledge and confidence related to managing money.

In terms of skills gained after the workshop, our data shows:

- Over 75% of KS4 students were more confident in their skills and ability to create a budget.
- 75% of students showed that their knowledge in relation to what the government spends tax and NI contributions on had improved.
- 95% of KS4 students felt that they had learnt something new.

We receive such positive feedback on our workshops:

"The workshop taught me how to budget and to make the most of the money you have."

Year 10 student at Outwood Academy Shalfton

"Really brought home the reality of financial commitments and budgeting .Very valuable as the pupils now understand the cost of living, paying tax etc." Teacher at Outwood Academy Shalfton

The MONEY Charity

Our workshops

KS4a Money Workshop

The first hour helps students understand the importance of planning ahead with their finances, in particular it covers:

- Putting financial plans in place to help you achieve your goals;
- How to plan and build a budget around an income

The KS4b Money Workshop

Our second hour builds on the content from the previous workshops and helps students understand savings to reach goals and credit, in particular it covers:

- Understanding what credit is, where you can get it and what APR stands for;
- The importance of saving and motivation to save

Ks4c, d and e Money Workshop

The third, fourth and fifth hours build on the content from the previous workshops and helps students understand various financial products and how they help achieve your goals:

- The third hour explains tax, national insurance and pensions
- Our four hour introduces students to what pensions and mortgages are and there uses

We can also create tailor made workshop for schools, depending on a schools' needs and requirements.

For more information, please contact Shirin on shirin@themoneycharity.org.uk or on 0207 062 8933.

In 2016 we delivered 1,026 workshops to over 23,000 students across England, Wales and Northern Ireland.
